The Solar Winter School is a very important program for anyone who wants to be an entrepreneur/employee in the PV industry because it connects you to the most important players in the industry.

Richie, Ghana

The overall layout & format was very good & topics very relevant. I loved the concept & online preparation phase.

Hira, Pakistan

Nice program, absolutely new and unique in its kind, much content, well organized, a great industry/academia format.

Frank Heise, Solara

Dear re-training SRH,

I Am honored to be with the first participants in the course and I really appreciate all the effort for making my stay in Berlin unforgettable. I thank you for the intensive knowledge transferred to my life and wish you all the best.

Thank you
Regards
